BNC Mission Statement:

Brandeis National Committee is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded: academic excellence, social justice, nonsectarianism, and service to the community.

Letter from Your CO-Presidents

Two years ago this month, we were on the campus of Brandeis University, having just been installed as the incoming Co-Presidents of our chapter. We returned from that trip full of enthusiasm and a shared vision for what we hoped our tenure would bring.

Together with our Board members, we have accomplished most of what we set out to do. There are two achievements that stand out most for us.

The goal of our Leadership Development Initiative was to find leaders within our membership who will help to shape the future of our chapter. We consider this program to have been very effective as many of those men and women will be serving on our Board or in a support capacity during the coming term.

We also held our first ever (no charge) General Meeting, which was an opportunity for you to meet our Board members and learn how our chapter operates. In addition to refreshments and an entertaining

speaker, this was also the first time we conducted early study group sign-ups. This highly successful event will be repeated again this summer, so mark your calendars for August 11th. More information will follow.

As we turn over the gavel to our very able successors, Sue Geiger and Nancy Minkow, we must thank our Board and all of you for your support and your commitment to our chapter and our cause. You are very special as individuals and, collectively, as one of the best chapters among the Brandeis National Committees. Stand tall and be proud!

Hugs,

Susan Barnett and Carol Smith

We are excited, and it must be said, a little nervous, to follow in the footsteps of Carol and Susan and our other wonderful past presidents. But, luckily for us, they are all still actively contributing and making sure that the Brandeis Conejo Valley Chapter survives, grows, and thrives. We welcome help and ideas from them, as well as the Boards, past and present, and all members of our chapter.

We have some ideas of our own which we are excited about. They will only come to fruition with input and hard work from many people. First, we want to improve the process of welcoming our many new members into the chapter, men as well as women, some of whom have just moved into our area. They are anxious to have fun, get involved, and to make new friends, and we want to provide opportunities for them to do just that. We will personally welcome them, find out their interests and talents, and set up more gatherings where they can mingle and get to know us and each other. Also, we want to start a new study group just for those who've joined in the last year if they are interested. They may choose to stay together or move on to other groups as space becomes available and we welcome more new members.

With the help of Carol Smith, Susan Barnett, Barbara Politsky, and her Major Events Committee, we will begin planning an unforgettable celebration of the 10th anniversary of the BNC Conejo Valley Chapter for the Spring of 2016. As we take over as Co-Presidents on July 1, and preside over our first Board Meeting on Thursday, July 2, we ask for your support and patience as we strive to be the Presidents this Chapter deserves.

We thank you for the confidence you have placed in us.

MEMBERSHIP UPDATES

MEMBERSHIP REPORT BY ELLIE PULS, VP

This will be my last article as VP of Membership and I want to thank you all for making my job such fun. I used to say that all I have to do is stand there with my hand out and someone puts a check in it. However, this time I was sure that in 2014 and

2015, I would have to really work at meeting goal.

I was wrong! As Brandeis members you all have worked to maintain our reputation, and spread the word about all the great members of Conejo Valley Chapter. In this way you made my job easy.

I have such funny stories to tell about where our new

members are coming from and that is what I will miss most. Last night I got a call from one of our members who was trying on a dress at T.J.Maxx. A woman overheard her talking to some one in the chapter about one of our study groups and decided that her mother would just love to do that. So now we have a new member.

You have all been genuinely nice people and so no one wants to miss out on the fun. Remember that and be sure to tell everyone that you meet what a good time you are having. That way you will be doing them a favor, Conejo Valley Chapter will keep on growing, and Helene Phillips will enjoy being Membership V.P. as much as I did. Next year should be as great as this year has been. Thank you.

Brandeis May, 2015 CIO Report - INTERESTING FACTS FROM BRANDEIS UNIVERSITY

by Shelly Wasserman Chapter Information Officer

Anita Hill Says Sexual Harassment Persists, Just in Different Forms

Nearly 25 years ago, Anita Hill became a household name overnight. She shared an explosive tale of workplace sexual harassment by a powerful man, bringing into open discussion a topic that had not been. For it, Hill was both praised and criticized, even receiving death threats. Rather than retreat, she's more vocal than ever, including speaking in Kalamazoo where she got a standing ovation as she walked onto the stage.

Some may remember this time in history well because it was played out on live television. In October 1991, Americans watched as Hill delivered graphic testimony at the confirmation hearings of U.S. Supreme Court nominee Clarence Thomas, accusing him of engaging in sexually explicit talk and subjecting her to unwanted, repeated requests for dates and more when he was her boss at the Equal Employment Opportunity Commission.

Anita Hill named University Professor

The Brandeis Board of Trustees unanimously voted to recognize Anita Hill, a senior advisor to the provost and professor of social policy, law, and women's, gender and sexuality studies, with a promotion to University Professor at its March 26 meeting.

"Anita Hill is a national voice on the complex and often challenging issues of race, gender and workplace discrimination in America," says President and Professor of Politics Frederick M. Lawrence. "Her legal and social scientific scholarship and her experience as a public servant have given her a perspective that she uses so effectively in the classroom, as a mentor to our students, and as a faculty colleague."

Hill, who has been a member of the Brandeis faculty since 1998, is lauded by her students for her ability to bring both theory and practice into her classroom lectures on legal and societal issues of race and gender. Her views and insight on those issues, as well as on workplace discrimination, have made Hill an in-demand speaker nationally.

The title of University Professor is one of Brandeis' most prestigious academic honors. It is awarded to faculty members of surpassing eminence whose work cuts across disciplinary boundaries, who have achieved exceptional scholarly or professional distinction within the academic community, and whose appointment will enhance the reputation and prestige of the university.

Young visionaries build life-improving creations with 3D printers

While some see 3D printing as a novelty, others are using the technology to develop novel solutions to a wide range of societal issues. The latter was demonstrated at Brandeis, when students from several universities from the northeast, as well as from Waltham High School, participated in a 24-hour 3D printathon competition hosted by Deis3D, the Brandeis 3D printing club and the Brandeis Library and Technology services Maker Lab.

QUOTE OF THE MONTH

Organization can never be a substitute for initiative and for judgment.

Louis D. Brandeis

They are the property of the Conejo Valley Chapter. In order to insure the privacy of each individual, our members may not use our lists for any purpose other than that for which they were created."

There are many benefits to BNC membership! BNC enriches our lives by keeping our minds active through study groups, lifelong
