JOIN US FOR OUR

Fall Luncheon Fundraiser

for scientific research
in neurodegenerative diseases.

Monday, October 10th, 2016 at 10:00 a.m.
at the Hyatt Westlake Plaza
880 S Westlake Blvd., Westlake Village, CA

ENTERTAINMENT BY LESLEY WOLMAN

Born and raised in Winnipeg, Canada, Lesley began her professional career as a child, performing in local theater and television. Her newest album, entitled, "All Of Me, All Of You," features love songs from the Great American Songbook. The show, which is autobiographical in nature, reflects Lesley's personal journey of love, using songs that express her experience of pain, disappointment and ultimately happiness.

All Of Me, All Of You, is being performed at The Pico Playhouse. We are thrilled Lesley will be performing for us at our Fall Fundraiser.

Presidents' Message

When you think of Brandeis or talk about Brandeis, what comes to mind? What does our Chapter mean to you? We know that for many of you the answer would be Study Groups, and for good reason. We are known for our numerous, now close to 100, varied and ever-evolving and expanding groups. We also have the reputation of being a warm, friendly, and welcoming Chapter, which explains our membership growth to over 650 men and women, exceeding our goals yearly.

One thing that might not have come to your mind when answering the aforementioned question was the amazing medical research being conducted at Brandeis University in Waltham, Massachusetts. That research, looking for cures for Alzheimer's Disease, ALS, and Parkinson's Disease, is funded through the money we raise by our Study Groups, but mostly by the support of our Events. Our philanthropy is our mission, our goal, and who we are. We see this Chapter as a community where we depend on each other and support each other's needs, so we can all benefit and prosper.

Our annual Fall Luncheon, which is being held on October 10th, is our biggest fundraising effort. All the proceeds will go to medical

research at Brandeis University. We hope you will join us and support our Chapter and its goals.

Thank You,

Nancy Minkow NVMLCSW@aol.com 818-730-8797
Sue Geiger suaew@sbcglobal.net 805-587-8550

We also would like to wish you all L'Shana Tova, a Happy, Healthy New Year.

TO ALL OUR MEMBERS AND THEIR FAMILIES :
 Happy, Healthy and Successful
Rosh Hashanah!

MEMBERSHIP UPDATES

Hi Everyone: It is very exciting being back as Membership VP and I really enjoy talking to all our new and prospective members. Our chapter has so much to offer that I cannot wait to tell everyone about us. That is where all of you come in. Give me the names of your friends who will enjoy all of our activities and I will include them in the fun.

We have a packed upcoming schedule and no one wants to miss anything. A new member coffee is planned for September 29 and it is a must for everyone joining us. The board members will explain how Conejo Valley Chapter works and get our guests started in study groups. Let me know who you want to invite and I will contact them. And don't forget about all the great groups that will entice the men in our lives to join, also.

By the way, I am willing to share my fun. If you would like to join our Membership Team, call me. Our members are great to talk to.

The "Pro Fressers" is a new Men's Lunch and Learn study group. We meet the 2nd Thursday of the month at the Latigo Kid in Agoura Hills.

The speaker for August was psychologist John Snibbe who worked with LAPD and the LA County Sheriff Department on mental health issues and those who come in contact with the police. He talked about police training as it relates to interaction with suspects and showed videos demonstrating various shooting situations police come in contact with.

Our speaker for September will be Dr. Wilcox who will speaking about Alzheimer's and the drug treatments that his firm is testing.

NEURODEGENERATIVE DISEASES

When we talk about Neurodegenerative Diseases, we are describing 600 disorders that affect the nervous system. These disorders are deficiencies that cause progressive nervous system dysfunction and are associated with atrophy of the affected central or peripheral structures of the nervous system. One such disorder in this category is RSD Reflex Sympathetic Dystrophy (Now called Complex Regional Pain Syndrome). The reason we are discussing this particular disease is that one of our long-time members, Shelly Wasserman, has been suffering from this very debilitating illness since 2002. We wanted to begin a series of

articles about her struggle in fighting RSD, to help put a face, her face, on the wide-spread health issue of Neurodegenerative Diseases.

Shelly's troubles began from a can falling on her foot and striking her left big toe directly, causing a deep gash. The toe was treated, sewn up and bandaged. Within a short time she noticed that her entire foot had turned purple and shiny, and was aching, throbbing and stinging. She could not move her toe and did not have feeling in it. As time went on, she experienced nerve pain in her foot and leg and had difficulty walking. After seeing two different doctors, a neurologist did a nerve study and determined that her nerves were damaged. In those days, the medical profession did not have a clear understanding of RSD or its diagnosis.

The reason that Shelly's story is so important to us at Brandeis, is our commitment to funding the medical research at Brandeis University. Just this last August, a Brandeis researcher found and fixed an abnormality in flies' nervous system, restoring their ability to crawl. Understanding what goes wrong inside nerve cells could have implications for human disease.

Please remember that every time you attend one of our Brandeis events, you are supporting medical research in the fight against Neurodegenerative Diseases.

Thank You.

**CIO REPORT** (Shelly Wasserman, Chapter CIO)**INTERESTING FACTS FROM BRANDEIS UNIVERSITY****STANDING UNITED AGAINST VIOLENCE**

Over the past few weeks, we have all been shaken by acts of extreme violence around the world and, over the past few days, by events in Louisiana, Minnesota and Dallas. Although these events have become all too familiar, we must never be complacent, become desensitized, or fail to raise our voices in protest of violence or in support of one another. When we return for the fall semester, we will find ways to come together as a community, standing in solidarity in a spirit of unity and peace.

These issues affect us all. Please take care of yourselves and your loved ones.

- Ron Liebowitz, Brandeis University President
