Letter from Your Co-Presidents

In our first Presidents' message in the August-September Newsletter, 2015, we introduced ourselves as your new Co-Presidents. We expressed our gratitude for the wonderful support we had received from our Board and the membership at large and stressed the belief that team building is the key to success in any organization. With that goal in mind, we have worked hard to develop committees, partnerships and relationships between and among our Board members and the members of this Chapter and other Chapters. We share ideas, support each other's events, collaborate and extend the reach of Brandeis into our Community and beyond.

Over the past two years we have tried new things, some were more successful than others, always being open to the creative minds of others, striving to make a difference and always wanting to make you proud. Coming in to this position as Co-Presidents, a job neither of us had ever held before, we were excited, nervous, overwhelmed and extremely honored. We both feel we have grown as individuals, as a team and as leaders during our Presidency. It is an experience we recommend to those of you who love this Chapter and want to participate in its continued growth and development.

We have presided over a membership that has grown to over 600 members, with a portfolio of study groups that number 88 and counting, seeing our demographics including more and more men. Our events, large and small, have been more varied and more exciting than ever and will continue to be a source of our mission of philanthropy.

All in all, Sue and I are grateful to have had this wonderful opportunity to be part of the team that has served you over the past two years, and we thank you for your support and encourage more of you to get involved and be part of the experience of leading this terrific Chapter.

Happy Passover and Happy Easter.

MEMBERSHIP UPDATES

Hi Everyone:

This has been a very exciting past few months again. Let's begin with the successful orientation coffee we had this month. The new members who attended learned a great deal about how Brandeis and our particular chapter function. They got a head start on applying for the study groups that they are interested in and became aware of many study groups that they did not even know existed. Since we have almost 100 of them, it is hard to learn about them all. If you are interested in attending the next coffee, email me and I will be sure you are on the list. norm0020@yahoo.com

It now is spring again and one of the good things about that is: **It is now time for our special membership deal.** If you have not been a member in the last two years, you may send a check to join and you will be a member for April, May, and June, in addition to all of the next year. Again, this is another way to get a head start on study groups. Tell

all your friends who want to get as much out of Conejo Valley Chapter as you do: **Now is the time.** Don't forget the guys, too.

We also want to give a big welcome to the members who joined since our last newsletter.

STUDY GROUP REPORT

The VP Study Group Committee met in January and February. The group was thrilled to receive the news that we have expanded our reach to include interested and interesting people who live at Leisure Village Camarillo. There were 18 people who attended the first meeting and two potential study groups will be started there. The Board thanks Elaine Bercy, Susan Barnett and Lila Segal for the successful meeting.

Amazing but true, the three VPs have started 15 new groups over the past 6 months. Look at this: Hebrew Language, Holiday Celebrations, Living Single Potpourri, Healthy Living Discussion Group, Kabbalah, Mystery Book Club,

A new Women's Discussion Group, Critical Thinking, a new On the Town group, Creative Writing, Men's Sport Talk.

Who knows what could be next?

On another topic: There are upcoming vacancies in the Board, so if you know of someone or if YOU might be interested in helping, learning, and being involved, please tell a Board member.

Business: Reminder that \$15 checks are due by the second meeting for new groups, not including the Org meeting.

A policy decision: Regarding a person in a group who can attend intermittently because of another conflict: the group itself can decide whether to allow that person to remain in the group. If there are those that take advantage of the policy, it would be dealt with within the group.
